FULL STATION COMPANIES Gus Hill's "Follies of 1916." would, in a few years have to build We already have one in Ginter Park. Why not add another now in Barton Heights, and save the building of two at a future date? The protection of human life and property is a sacred duty which the city has to perform." Mr. Powell contended that by establishing the house in Pollard Park it could be accomplished without any cost whatsoever to the city.

For urday nounce.

At this point Councilman Rose moved that a subcommittee be named to give all citizens interested an opportunity to be heard. He declared that he was not committed to any one plan, but he wanted to hear the views of the public. Mr. Umlanf thought that the public. Mr. Umlauf thought that the matter was of sufficient importance for the whole committee to sit at a public hearing, and he offered a substitute motion to this effect. It was lost. The original motion was carried, and the committee was named by chairman

DANDRUFF GOES! HAIR GETS THICK, WAYY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an applica-tion of Danderine, you cannot find a single trace of dandruft or falling bair and your scalp will not lich, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the really new hair-growing all over the

scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through derine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and bills may be made out as one item, and may be paid to the City Treasurer at the same time, thereby saving the consumer the necessity of making two visits to the City Hall.

The idea originated with Chairman Hirschberg. When the plan, which will cause some radical changes in the ciertoite counter and grove the counter and grove t
